

## SEVERE FIGHTING

During a Russian Sortie from Port Arthur

RUSSIANS WERE FORCED BACK

Condition of the Besieged City.  
Russian Losses at Liao Yang

London, Sept. 19th.—St. Petersburg continues without official confirmation of the report that the Japanese are advancing north of Mukden and the statement is therefore not credited at the Russian capital. Gen. Sakharoff reports there was no fighting in the vicinity of Mukden Friday or Saturday but notes the arrival of reinforcements for the Japanese along the whole line of the Japanese front. The interval of quiet offered Gen. Kuropatkin an opportunity to strengthen defences. There are indications of a revival of the struggle for possession of Port Arthur.

London, Sept. 19th.—It is asserted in despatches from Tokio that the Japs are vigorously shelling the Russian positions at Mukden, preparatory to a general advance and endeavoring by a wide turning movement to cut off Kuropatkin's retreat. The Japanese Armies are disposed in the same relative positions as in fighting before Liao Yang.

## THE SITUATION AT PORT ARTHUR

Chefoo, Sept. 19th.—According to Lieut. Prince Radzival of the Russian army who reached here last night from Port Arthur bearing despatches from Lieut. Gen. Stoessel commander-in-chief of the force of the stronghold to Gen. Kuropatkin, the temper of the belligerents at Port Arthur has reached an absolutely merciless stage. Prince Radzival declares the men of both armies are absolutely venomous in antagonism. Stoessel has addressed the Russian saying that if the Japanese soldiers entered the fortress it undoubtedly will be impossible for the officers to control them and to prevent a massacre. For this reason Stoessel is making no objection to civilians leaving Port Arthur.

In consequence of the fact that flags of truce have been ignored, numbers of dead Japanese who have been lying on the slopes of the hills of the northeast defences for weeks past are still unburied and the stench in Port Arthur from decomposing bodies is almost unbearable.

## SEVERE FIGHTING.

St. Petersburg, Sept. 19th.—A dispatch was received from Gen. Kuropatkin late to-day announcing that Generals Rennenkampf and Samsonoff were conducting important reconnaissances which have resulted in rather heavy fighting with many casualties.

London, Sept. 19th.—A dispatch to a news agency from St. Petersburg to day says the reconnaissances were towards the Japanese front and right flank, resulting in the Japanese being driven back. Russian losses according to this version are said to be slight and it is not clear whether many casualties referred to by Gen. Kuropatkin were inflicted or received.

## RUSSIAN LOSSES.

Tokio, Sept. 19th.—Marquis Oyama, Commander-in-chief of the Japanese forces in the field, telegraphed Sunday morning to the effect that Gen. Oku had reported having captured 13 prisoners at the battle of Liao Yang. He also gave a detailed list of Russian stores which Gen. Oku captured as follows: 30 horses, 2288 rifles, 127 ammunition wagons, 6,892 pounds of artillery, 659,939 small arm cartridges, great quantities of timber, flour, rice, forage, engineering implements, clothing and accoutrements. Detailed lists of the stores captured by the armies of Generals Oku and Nodzu have not yet been received.

London, Sept. 20th.—Except for important reconnaissances by Generals Rennenkampf and Samsonoff there seems to have been little interruption of the quiet that ensued after the hard fighting around Liao Yang not more than a fortnight ago. Indicative of the mortality among the Russian officers at the front is the report from St. Petersburg that about one seventh of the officers in the regiment of the guards stationed at the Capital are to be drafted for service with regiments at the scene of war.

The Japanese are reported to be advancing slowly upon the positions held by the Russians in a line extending about 27 miles. There has been no developments at Port Arthur beyond a reported futile sortie by the garrison against a height which recently fell into the hands of the Japanese.

Berlin, Sept. 20th.—The Tagelblatts Mukden correspondent under date of Sept. 19th telegraphs as follows: "The Japanese are advancing slowly with a broad front, the left resting on Liao Yang and the right on the Fushan coal mine 27 miles eastward. The Russian troops have recovered their spirits."

## RUSSIANS HEAVILY REPULSED.

London, Sept. 19th.—A despatch from Tokio to a news agency says, "A strong Russian force made a sortie from Port Arthur the afternoon of Sept. 18th and attacked the Iczshan fort which was recently captured by the Japs. Fighting lasted some hours and the Russians eventually were repulsed with heavy losses."

London, Sept. 19th.—A despatch to a news agency from Harbin says the Japs are displaying considerable activity in northern Corea. A skirmish is reported between Japanese troops and a regiment of Cossacks at Fukchang about 27 miles northeast of Hanuag.

**PUBLIC SCHOOL CADET CORPS**

Here and there throughout Canada public school cadet corps have been organized. These organizations, apart from all military acquirements teach the boys prompt attention to duty, erect and business-like carriage and gives them a thorough physical training. Such a cadet corps is being established in Calgary, referring to which the Albertan says:

Calgary public schools are to have a cadet corps. There are already 40 members enrolled, while about 70 boys have made application.

Early in the present year application was made to the education department of the North-West Territories for permission to have such a corps, run on lines similar to the Canadian militia.

On account of Premier Haultain's being away nothing was definitely known until last June when the education department granted the application.

Permission has also to be obtained from the Militia Department as to the formation of the corps, but on this point it is believed that there will be no difficulty.

The uniforms of the members of the cadet corps, who must be over 12 years of age and under 18, will be of navy blue, with white facings and black stockings, the boys having to supply their own uniform.

They will be equipped with Lee-Netford rifles, and will in other essentials be equipped in the same manner as the militia. The rifles will be loaned by the Militia department upon satisfactory bonds being put up. Twenty rounds of ammunition will also be supplied by the militia department, after which cartridges will be sold to the corps at cost.

During April or May each year it is expected that an instructor from the military school at Winnipeg will spend a short time here to post the cadets in all drill work, to hold field days and instruct the boys in firing at the range.

Throughout the winter time the drills will take place once a week. Boys becoming members of the corps will have to sign for one year.

Besides the regular militia drill instruction will be given in club swinging, bar-bell, dumb-bell exercises and physical drill generally.

**STATION SITE RUMORS**

Rumors have been persistently circulated on the streets the last few days that the undivided block of land in the west and north of Jasper avenue, belonging to the Hudson's Bay Company, had been sold, or at least withdrawn from the market. One report was to the effect that the Grand Trunk Pacific Railway Company had secured control of this land. The fact that C. C. Chipman, commissioner of the Hudson's Bay Company, travelled with the Grand Trunk Pacific officials on their recent visit to Edmonton when they announced their intention of purchasing the Canadian Northern two blocks of this, and the property lying east and west of it for terminal yards gives color to this report. On the other hand, during the still more recent visit of Sir Thomas Shaughnessy, President of the Canadian Pacific Railway, and other C.P. Railway officials, the party inspected this land in question and referred to it as the site of a C.P.R. station in Edmonton. These and other reports emanating from them have been going the rounds.

Enquiry at the local offices of the Hudson's Bay Company's land department gives no confirmation of either or any of the reports. They have received no instructions further than what they have had for some time regarding this unsurveyed portion. They have, however, been instructed from the head offices to remove from the market the sub-divided Hudson's Bay land just west of the block in question. This makes it evident that a deal for this property is pending, but with whom, or with what railway company, is not divulged.

**ALBERTA POTATOES**

A sample of what Northern Alberta can do in the way of potatoes is to be seen in the Bulletin office window. There are six potatoes picked from the growth of two hills. The hills were selected at random from the garden of A. Butchart, May street, while the potatoes were being dug for dinner. The total weight of the six is ten pounds ten ounces. The largest potato, which has a protuberance growing on it, weighed two pounds ten ounces, the protuberance weighing five ounces. The average weight of the six potatoes is thus over one and three quarter pounds. With the exception of one, the potatoes are regularly formed. They were grown on new ground, and three hills will more than fill a large wooden pail.

I ALWAYS select the tobacco leaves that grow about the middle of the stalk. I find this leaf as filler in my Pharaoh is best because it is perfectly and uniformly ripened

and contains just enough gum to sweat properly and so promote the proper curing. The top leaves of the plant I reject—they are too tender and gummy and contain so much of the rancid bitterness of the tobacco that it would take me five years to sweat them out properly—even then they would not be satisfactory. Then I see that the immature—torn—broken and injured leaves are discarded. The filler of my Pharaoh contains only clear—well nurtured—well matured—well cured leaves—the select of each year's Cuban crop.

J. BRUCE PAYNE, Limited, Granby, P.Q.

Held together by the Connecticut Sealleaf and wrapped in a flawless Sumatra wrapper I import direct from Holland—the best tobacco money can buy—that's why my Pharaoh is so good.—J.B.P.

Just a few words further about

## Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No 19 Steel Range,

### Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48 This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

### And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store,

Ross Bros.,  
Limited.

## THE FRIENDSHIP OF THE TELEGRAM

It has often been the subject of remark how many friends a person or place has when it does not need them, and how few when it does. When Edmonton town and district were less widely and favorably known than at present, none so ready as the Winnipeg Telegram to publish reports of unseasonable weather or killing frosts at Edmonton, with or without a basis of facts. But now, when the eyes of the world are on Edmonton, and when the financial, commercial and transportation interests of Canada at large have recognized the substantial present and glowing future of the place, the Telegram becomes vociferous in its defence of Edmonton. Against what? Against its being made the chief divisional point on the Grand Trunk Pacific Railway system west of Winnipeg. Against the possibility of such a terrible fate overtaking Edmonton, the Telegram raves to the extent of a column editorial in its issue of September 13th, and returns to the charge in a similar article on September 15th. The reading of its first spasm is "Taking Edmonton by the Throat"; and of its second, "Mr. Hays' attitude Towards the People of Canada."

In the first article it likens the proposal of the G.T.P. to locate such facilities and works at Edmonton as would establish the place for all time as the leading commercial city west of Winnipeg, and give it a weekly cash disbursement from twenty-five to seventy-five thousand dollars, a week to the recent hold-up of the C.P.R. train at Mission Junction, B.C. It laments the fact that if the railway is to be of the greatest possible convenience and advantage to the business centre of Edmonton, it must locate near that business centre. It points with horror to the possibility of the railway occupying a large area of land within the city, as a freight yard, to permit of which buildings already erected would have to be torn down. These are terrible calamities indeed to be in store for Edmonton, and our citizens must be more than grateful to the Telegram for coming to their defence against the rapacity and extortion of a railway company that proposed to do such things to our fair city. Freight yards in the city! The very ideal!

And yet—and yet there are cities which have survived such calamities. Many have brought them on themselves! The city of Winnipeg for instance, which some twenty-four years ago was somewhat larger than Edmonton, although it was blessed with the prospect of being undefiled by railway freight yards or other abominations, paid some \$250,000 to get the abomination brought into the city. The station was on the Main street, and the freight sheds as near to it as they could be. That was where the Winnipeg people wanted them to be, and they want them there yet. But worse still and closer home to

the Telegram. That paper, is commonly supposed to stand in much the same relationship to the Canadian Northern Railway as the Royal Gazette does to the Imperial Government. And the Canadian Northern Railway passenger station and freight sheds also abut on the Main street of Winnipeg, and in the very centre of the town. And again, that is where the people of Winnipeg want them. Worse still: houses had to be pulled down to allow the company to locate there, one of them being a college conducted by the Methodist church. To-day a Roman Catholic convent and ladies' college fronts on the station and its yards. The most valuable property in the city of Winnipeg to-day is that lying south, north and west of the C.N.R. station, within a distance of a few hundred yards. Winnipeg needed the C.P.R. and the C.N.R. to make it a city, and Edmonton needs them quite as much if she is to achieve a like result. And the more convenient the stations and freight sheds are to the business centre of the town the better for both the town and the railway company.

## WHEAT AND OATS

Reports from the Edwards Wood Co., Ltd., Minneapolis, Sept. 15th.

Wheat—After starting the day in a very nervous and erratic manner, the market settled down, and both Minneapolis May and December advanced 2-8c from the low point. There was some help from the cables, Liverpool closing 3-4d. higher, and Broomhall cabled that old wheat in Argentina was about all shipped. Out Russia's official estimate for wheat is nearly one hundred thousand bushels under a year ago, and some loss for rye and barley. Oats show a small increase. Winnipeg wheat heavy rains in Manitoba, and rumor of snow. In North Dakota threshing is delayed on account of the ground being too soft. All this indicates a lack of supplies for the present at least, and millers' demands are more urgent every day. Prices for flour this week have advanced 40c. Minneapolis stocks for five days decreased 300,000 bushels, and figures for the week will reach 400,000 bushels.

Oats—There was little feature in the oat market. Chicago reported some north-western selling. Light receipts would seem to discount the increase in domestic and world's visible supply. Price current said the oat yield for 1904 will equal 375,000,000 bushels, against 785,000,000 bushels in 1903. Last year May sold as high as 46-7-8c in February. We must expect to find equally as strong demands during the present year, and we believe the good quality of our oat crop will create good demands and bring good prices.

## FALL RIFLE MATCHES

## BEING SHOT THIS WEEK

Edmonton and Strathcona Riflemen  
Testing their Skill on the Local  
Range

The annual fall rifle matches are in full blast on the Edmonton rifle ranges. The weather has been very disagreeable and unfavorable for shooting during the past few days, but is now turning out splendidly, and first class matches are being held. There is a large representation of the rifle shots of the twin cities present, on the Edmonton range, and what promises to be a very successful shoot has commenced.

Shooting commenced at nine o'clock this morning, the first on the list being the nursery match. This is open to riflemen who have not won a prize of \$2 or over.

Ranges 200 and 500 yards. 7 shots at each range, not including one sighting shot at each range which must be taken.

1st Prize	\$5.00
2nd Prize	4.00
3rd prize	3.00
4 Prizes of \$2.00 each	8.00
5 Prizes of \$1.00 each	5.00

12 Prizes \$25.00

T. R. A. Silver Medal added for the member of the Edmonton association making highest score, and a Silver medal for the highest score by a member of the Strathcona association

The Association match commenced at the same hour as the nursery match, and is being shot in conjunction with it. It is for combined Edmonton and Strathcona Associations, and at the 200, 500, and 600 yard ranges, seven shots at each range. The prizes are—

1st Prize	\$7.00
2nd prize	6.00
3rd prize	5.00
4th prize	4.00
5 prizes of \$3.00 each	9.00
6 prizes of \$2.00 each	12.00
7 prizes of \$1.00 each	7.00

20 prizes \$60.00

A Silver Cup value \$15.00 added for highest score and a shield value \$7.00 for second highest score made by members of the Edmonton Association. A silver cup presented by A. C. Rutherford, M.L.A., for highest score by member of the Strathcona Association.

To-morrow morning at nine o'clock will take place the All-Comers' Match—

Ranges 500 and 600 yards. 10 shots at each range. Entry fee 50c, including one sighting at each range.

1st prize	\$8.00
2nd prize	6.00
3rd prize	5.00
4th prize	4.00
5 prizes of \$3 each	9.00
6 prizes of \$2.00 each	10.00
8 prizes of \$1.00 each	8.00

20 prizes \$50.00

Ter. Rifle Association Silver Medal added for the highest score made by a member of the Edmonton Association Thursday morning at nine o'clock on the Strathcona range will be shot the Grand Aggregate, to include scores made in Association and All Comers' Matches. The prizes are—

1st prize, Silver Cup, value	\$35.00
2nd prize, cash	10.00
3rd prize	8.00
4th prize	5.00
5 prizes of \$3.00 each	9.00
6 prizes of \$2.00 each	10.00
8 prizes of \$1.00 each	\$8.00

20 prizes Cup and \$50.00

An extra series will be shot. No. 1—5 Rounds at 500 yards. No. 2—5 Rounds at 600 yards.

To be shot if and as time may permit. Tickets 25c. As many scores as desired may be put on, the highest only to count. Entrance money to be equitably divided by match committee.

The officers in charge of the matches are—

Edmonton, Captain H. B. Spratt;  
Sec.-Treas., Geo. A. Reid.  
Strathcona, Captain J. J. Mackenzie;  
Sec.-Treas., Dr. Fuller.

## GRAND TRUNK PACIFIC

### SURVEYS OF EASTERN SECTION

For the Transcontinental Railway will probably not be accepted by the Dominion Government

Bulletin Special Dispatch.

Ottawa, Sept. 19th.—It is reported to-night that surveys made by the Grand Trunk Pacific Railway Company, of that part of the transcontinental railway between Winnipeg and Lake Abitibi are not likely to be acceptable to the Transcontinental Railway Commission. The Government intended taking over these surveys if they were satisfactory. It was stated in the house last session by the Premier, but it is now said the work of the G.T.P. surveyors was carried on too far south to meet the views of the Commission.

If this is correct, the work done by the Company will not be accepted by the Dominion, and a line will be located by the Transcontinental Railway Commission further north. Had the G.T.P. surveys been satisfactory they would have been taken over and paid for by the Dominion but it is known that they do not meet the views of the Commission they will be rejected and the work proceeded with at once by the commission.

## NEWS OF THE WORLD

### IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, Sept. 20th.

The Essex Fusiliers, with full equipment left Montreal for St. Louis.

Heavy deliveries caused another drop in the New York wheat market.

Earl Howard, of the Maroons, leads the Northern League in batting.

The strike ordered by the Italian Socialists again gave rise to several riots.

E. J. Orielly, member of the Winnipeg grain exchange, died from pneumonia.

Magloire Hague was sentenced to death at Montreal for the murder of his wife.

The Earl of Litchfield in an interview strongly opposed the Chamberlain policy.

Nothing definite has yet been done towards developing the coal deposits at Okotoks.

Fear of light crops and light money caused a weakening of the New York stock market.

The Colonial office has negotiated for the extradition of a Canadian defaulter from Cuba.

J. C. Cadham, C.P.R. agent at Cowley, has disappeared, leaving his safe locked but empty.

The G.T.P. surveys from Winnipeg Lake Abitibi will not be accepted by the Government.

A Canadian correspondent of London papers believes Chamberlain would stampede Canada if he came.

The Transcontinental Railway Commission believes that the surveys of the Grand Trunk to Abitibi from Winnipeg were made too far south.

## PRICE OF BREAD

### GOES UP IN WINNIPEG

Price of flour has been steadily increasing and the raise is a natural result of this

Bulletin Special Dispatch.

Winnipeg, Sept. 20th.—The master bakers of Winnipeg held a meeting last night to consider the advisability of raising the price of bread.

The result of the meeting is that starting to day the retail price of bread is 16 loaves for a dollar and the wholesale price 18 for a dollar. The price was raised on account of the continued rise in the price of flour, which has been steadily increasing for the past year.

## HAGUE WILL HANG

### FOR THE MURDER OF HIS WIFE

He confessed to having ended drunken row with this fiendish crime

Bulletin Special Dispatch.

Montreal, Sept. 20th.—The trial of Magloire Hague for the murder of his wife, which has been in progress since Friday concluded this evening. The jury brought in a verdict of "guilty". The Court sentenced the prisoner to be hanged Nov. 18th.

A few months ago Hague ended a drunken row by strangling his wife at their house and then cut her throat with a knife. He afterwards admitted his guilt.

## LORD MINTO

### VISITED BATTLEFORD

Yesterday. Presented with an address. Talked of the town's prospects

Bulletin Special Dispatch.

Battleford, Sept. 19th.—The Governor General, Lord Minto, passed this morning, stopping about an hour. The council presented an address, and Lord Minto replied. After referring to the points in the address he said he realized how the location of the railroad was affecting Battleford, and would impress upon the Government that old settlers who had built up the country should not be injured by a railway company.

## G. T. P. Matters

Tribune:

Mr. Hays, on his return from his western trip would say nothing new regarding the movements of the party in the west, these having been well covered in the despatches. "There is nothing decided on relative to the question" of the western terminals. The matter of the transcontinental route is still to be finally considered. We have our engineers making hydrographic surveys along the coast at the favored points between Vancouver and Port Simpson, and these will have to be completed before being decided on. We have not yet selected the pass we will use in the Rockies.

"What will be the first important step to be taken on the return of the party to the east?"

"In about two weeks a meeting of the board of directors of the company will be called," explained Mr. Hays, "and the matter of this western trip will be gone into."

"What is the best possible time for the construction of the new transcontinental?"

"Seven years is the maximum, but with favorable conditions we could complete the road to the Pacific coast in five years."

"How soon do you expect the line will be into Winnipeg?"

"The eastern section running into this city could be completed within a year after the work is begun."

## BAPTIST CONVENTION.

The sixth annual meeting of the Alberta Baptist Association opened today in Okotoks, Southern Alberta.

Delegates are present from Edmonton, Strathcona, Leduc, Ponoka, Red Deer, Innisfail, Didbury, Medicine Hat, Pincher Creek, Lethbridge and Okotoks. Rev. G. J. C. White, of Lethbridge, is Moderator of the meeting of the Association this year. The visitors are the guests of the Baptists of Okotoks during Tuesday's and Wednesday's sitting.

The meetings are held at different places each year, the last one having been held at Wetaskiwin, and before that at Calgary.

To-day the appointment of committees, nominations, resolutions, reception of new churches, etc., will take place. This afternoon, service having been conducted by Pastor C. Padley, of Lethbridge, the introduction of visitors and new pastors will take place. Then an address on the Industrial Guild of the Great Commission by Pastor T. A. Robinson, of Wetaskiwin, will be delivered, followed by discussion. This afternoon's session will terminate with the report of the nominating committee and the election of officers. In the evening the Association's sermon will be preached by Pastor C. W. Corey, of Strathcona, and the address of the retiring Moderator, Pastor White, of Lethbridge, will be delivered.

To-morrow morning the business of greatest interest will be: Church letters, statistical reports, reports of committees and an address on the importance and mission of Sunday schools work, by A. W. Ward, of Calgary. The afternoon devotional exercises will be led by ladies, and the afternoon session will be devoted to the women's work, including an address on Scandinavian work, by Pastor Bergen, of Calgary, and an address on German work by Pastor Hagar, of Edmonton.

In the evening there will be an address on how best to meet the need of evangelistic work in Alberta, by Superintendent C. F. McLaren, one on young people and Evangelism, by Pastor Litch, of Calgary, and one on Evangelism and education, by Pastor A. M. McDonald, of Edmonton.

## EDISON

Two or three rather sharp frosts have been felt here lately and some potatoes have been frozen.

There has been a splendid hay crop in this district and all settlers seem to have put up a good quantity.

Edg-on Bros. have used a hay fork for stacking and have found it a big improvement over the old way.

A meeting was held on Monday, Sept. 5th at "Braunton Farm" the residence of Mr. J. W. Shutt, for the purpose of forming a musical and debating society. Those present were Mr. Macgregor, Mr. Ed. Wilson, Mr. Henry Knott, Mr. C. Phillips, Mr. G. J. Mills, Mr. T. P. Williams, Mr. J. W. Shutt, Mr. H. Lambert, the Misses A. and B. Wilson, Mrs. J. W. Shutt, Mrs. T. P. Williams, Mrs. H. Lambert. Those present decided to begin a musical and debating society here and the following officers and committee were appointed:

Hon. President, Mr. D. C. Macgregor.

President, J. W. Shutt.

Vice President, Mrs. Garrison.

Sec. Treasurer, Mr. T. P. Williams.

Committee, Mr. Ed. Wilson, Mrs. J. W. Shutt, Mr. H. Knott.

The first meeting of the society will take place during the first part of October, though as yet no date has been decided on.

The settlers here have had a splendid picnic lately, and it has been decided to make an annual affair of it. There was a good programme of sports and a football match. The ladies of the settlement assisted by a few of the sterner sex provided for the wants of all and they deserve special credit for their part was done exceedingly well.

Mr. Macgregor leaves us shortly and one and all feel that he will be greatly missed here. We wish him luck and hope he will some day return.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 26, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or any male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situate, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situate, receive authority for some  
one to make entry for him. A fee  
of \$10.00 is charged for a homestead  
entry.

HOMESTEAD DUTIES.—A settler  
who has been granted an entry for  
a homestead is required by the pro-  
visions of the Dominion Lands Act  
and the amendments thereto, to per-  
form the conditions connected there-  
with, under one of the following  
plans:

(1) At least six months' residence  
upon and cultivation of the land in  
each year during the term of three  
years.

(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
side upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
this Act as to residence prior to ob-  
taining patent, may be satisfied by  
such person residing with the father  
or mother.

(3) If a settler has obtained a pat-  
ent for his homestead, or a certifi-  
cate for the issue of such patent,  
countersigned in the manner pre-  
scribed by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence upon the  
first homestead, if the second homo-  
stead is in the vicinity of the first  
homestead.

(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his homo-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.

The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.

A settler who avails himself of the  
provisions of Clauses 2, 3, or 4, must  
or substitute 20 head of stock, with  
buildings for their accommodation,  
cultivate 30 acres of his homestead,  
and have besides 80 acres substan-  
tially fenced.

The privilege of a second entry is  
restricted by law to those settlers  
only who completed the duties upon  
their first homesteads to entitle  
them, to patent on or before the 2nd  
June, 1889.

Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.

Application for patent should be  
made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.

Information.—Newly arrived immi-  
grants will receive at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and as-  
sistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

### JAMES A. SMART,

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant  
Lands to which the regulations above  
stated refer, thousands of acres of  
most desirable lands are available for  
lease or purchase from railroad and  
other corporations and private firms  
in Western Canada.

## LOCAL

**Train on time.**

P. Anderson and Company are burning a kiln of brick.

The regular meeting of the city council will be held this evening.

The hospital ball will take place in the Thistle Rink on the evening of September 30th.

Chickens are reported fairly plentiful in the Spruce Grove district, and local sportsmen have bagged numbers of the birds.

Henry and Orrin McCoy arrived in the city last night from Maisonneville, Quebec, to look over this district with a view to locating.

Yesterday was the Hebrew Attonement Day in the city, and all Hebrew places of business were closed. Services were held throughout the day.

E. N. Bender, general purchasing agent for the Canadian Pacific Railway, spent a couple of days in the city, leaving for the south yesterday morning.

The weather has turned out bright and sunny and the walks have dried up. Bright and sunny weather is what the farmers want for some time now.

The annual fall rifle matches are in progress at the Edmonton rifle range. Stratheona is shooting with the Edmonton riflemen. The matches continue to-morrow and Thursday.

Okotoks Review, Sept. 15th: E. E. Thompson, of Spring Coulee, has about 8,000 acres seeded with fall wheat. This year we believe he has harvested a magnificent crop of 3,000 acres.

Very prolific potato fields are reported from various parts of the district. Northern Alberta soil seems to suit the potato to perfection. They grow large and even, and of a choice quality.

A splendid rehearsal of the "Confederate Spy" was held in the Thistle rink last night. There was a large turnout. Excellent progress is being made with the preparations for presenting this play.

Squared timber is constantly arriving at Edmonton from British Columbia for the Battleford bridge. The water is very low at present, but every effort is being made to get the timber down the river as soon as possible.

In a letter to Edmonton Malcolm McCrimmon states that excellent progress is being made with the Canadian Northern Railway construction, and that his own contract has been especially workable. There is a great demand for men and horses.

Nanton News: Grain cutting has been reported finished and threshing well advanced around Claresholm. The yield in all grains is very satisfactory, one farmer claiming to be able to clean up a thousand dollars from a 50-acre field of wheat.

During the months of June, July and August, the building permits granted in Calgary amounted to \$219,435. There were 142 permits issued. During the last nine months 299 permits were issued, and the estimated cost of all the buildings amounted to \$732,483.

A number of Spruce Grove farmers had stacked part of their barley by Friday last, when the present wet weather started and stacking operations have been at a standstill since. The farmers are merely waiting for a return of bright weather to do their stacking. With favorable weather threshing will commence in a couple of weeks.

Red Deer Advocate: While digging a drain out near the Industrial school last Friday an Indian boy was instantly killed by the banks falling on him. The young fellow had the shovel in such a position that when the bank fell in the sharp edge of the shovel rested on his breast, penetrating it owing to the heavy pressure of sand. Death was almost instantaneous.

The Epworth League Society of the College Avenue Methodist church held a very interesting meeting last night. There was a very large attendance, the meeting room being filled to its utmost capacity. As announced, a debate took place on "Resolved, that an Englishman has a keener sense of humor than an American." The affirmative side was taken by A. B. Cushing, and F. S. Green, and the negative side was taken by Rev. C. H. Huestis and Mr. Newell, but the latter failed to put in an appearance, and to Mr. Huestis was left the onus of supporting the negative side. However, Dr. Jamieson and Mr. Taggart spoke briefly in favor of the negative side. The decision was left to the meeting, which declared strongly in favor of the negative.

## PERSONALS

A. M. Anderson arrived in the city last night from Leduc.

Mr. and Mrs. C. D. Cook arrived in the city last evening from Ponoka.

W. Fetherstonhaugh arrived in the city last evening from Lacombe.

E. P. Call and C. A. Call arrived in the city last night from Sherbrooke, Quebec.

Mrs. A. E. Jackson, will receive every Thursday at her home on Fourth Street west.

Miss Maggie McKinnon returned last evening from a couple of weeks' visit with Red Deer friends.

## WEATHER AND CROPS

The weather during the past several days has been very disagreeable. While the thermometer has not registered within a few degrees of freezing, it has been quite chilly, both day and night. Rain has fallen off and on during the past few days, and the sloppy muddy condition of the streets has made traveling about disagreeable. To-day however, the sun is out in its full strength, and settled weather is probable. The sidewalks and streets have dried up wonderfully to-day, with the sunshine, and with a continuance of this present, bright, sunny weather, Alberta will settle back into the old established order of things.

Harvesting operations have been delayed throughout the district, but a couple of days of sunshine will dry out the stubs, and stacking will be in full swing. With a continuance of good weather threshing will commence in many districts in a fortnight.

## HOTEL ARRIVALS

**Monday.**

**WINDSOR:**

L. J. A. Lambert, St. Albert.
